

Holy Family Academy Newsletter

March 9, 2018

Have you noticed anything different at Holy Family Academy?

During the week new window decorations were placed on each of our windows, there to remind us that during the season of Lent, prayer and quiet acts of kindness are very much needed in our world. Students have been working on quiet acts of kindness in class, acts that might help a classmate or comfort a friend, as simple as picking up a dropped pencil, anything that is helpful to anyone in need. One of our younger student's asked me the other day if he could tell me his act of kindness, but wondered if it still counted? My response, "of course", so he whispered, "I said a prayer for my Mom and Dad". A perfect act of kindness and love, pass it forward.

Due to the snow, Terra Nova testing will be completed on Monday and make-ups for those who have missed any part of the testing will continue throughout the week.

Blessings,

Mrs. Tavaska
