

Holy Family Academy Newsletter

January 26, 2018

As Mark Twain once said, "If you don't like the weather in New England now, just wait a few minutes". Mr. Twain was proven right this week! Snow, rain, ice, cold, warming, we certainly got all of it these past few days. Our Buildings and Grounds Director, Don Robinson did a great job with shoveling, and de-icing the grounds. Tuesday morning he was back and forth spreading over 700lbs of ice melt, trying to clear a path to the school. Once again, it is New England.

The sixth, seventh and eighth grade students participated in our annual Geography Bee on Tuesday. Our school winner, Sam Burak (seventh grade) is the Holy Family Academy winner. He will participate in the state level of the Bee. Congratulation to Sam!

Catholic Schools Week begins with "wear your uniform to church" on Sunday the 28th. Don't forget to take a picture and send it to school so you may receive a non-uniform day on 2/5.

Open House will take place on Sunday the 28th as well from 1:00-3:00 pm.

Please tell any friends or family members who may be interested in attending Holy Family Academy to come and visit our Open House!

Enjoy your weekend!!
